No. P. 2726/63
9 OCT 1963
BANGALORE.

1) I am enclosing herewith a petition received from the agriculturists of Guddadamadapur village in Hirekerur Taluk whose lands come under submersion of a new tank under construction. The tank work is nearing completion An extent of about 90 acres of land belonging to thirty-one ryots will be submerged. They have to be rehabilitated soon. In their petition the ryots have requested that some forest lands very near their village, be deforested and released for cultivation in lieu of the lands they lose under submersion. The Hon'ble Minister may kindly consider their request and see that they are rehabilitated early.

Sub: Construction of Tank near Guddad-Madapur village. Representation of villagers for grant of Forest area in lieu of submerged area from S.Nos. 73,74,75,76,77,276,237,78 and 83.

--

Ref: Your No. AFD 159 FGL 63 dated 1-11-1963.

--

I enclose herewith a copy of letter No. FOP/GFL/DWR/1106-23 dated 8-2-1965 from the Conservator of Forests, Belgaum together with its accompaniments for perusal.

In response to the instructions contained in the minutes of the parliamentry Secretary to the Minister of P.W.D., the Divisional Forest Officer, Dharwar has selected F.Sy. Nos. 73,74,75,76, 83, and 78 (Part) of Guduad-Madapur village measuring 125-0-0 acres for being granted to the villagers whose lands get submerged in the above construction work. The land to be submerged is about 84 acres and 50% more area is selected at the instance of the parliamentary Secretary to compensate the expenditure to be incurred by them for levelling and uprooting stumps etc before the land is brought under cultivation.

The Government must have granted compensation to those whose lands have gone under submersion. I have no information on this point. If it is a fact it is not desirable to grant the forest lands also in addition to the compensation, payable to them. Besides large forest areas are coming under submersion under various projects and large areas are required to rehabilitate the expropriated persons. In addition the percentage of forest in Dharwar District is only 8%.

I am therefore not inclined to recommend the grant of the land in question.

The application is resubmitted herewith.

Yours faithfully,

Chief Conservator of Forests.

Sir,

Subject:Construction of tank near Guddad-Madapur village-Representation of villagers for grant of forest area in lieu of submerged area from S.Nos.73, 74, 75, 76, 77 (Kuran) 276, 237, 78 and 83.

Reference:Your No.B-3-GFL-1680-63-64 of 11-12-1963.

2. I submit herewith correspondence resting with letter No. FOP-GFL-428-141 of 29-1-1965 of the Divisional Forest Officer, Dharwar for favour of perusal. The villagers of Guddad-Madapur whose malki lands get sub-merged in the tank under construction have represented to grant forest land through the Parliamentary Secretary to the Minister for Public Works. The D.F.O.,Dharwar, in the first instance recommended to grant an area of 84 acres of forest land equal in extent which the villagers would lose.

3. On 19-12-1964, at Ranebennur the Parliamentary Secretary informed me that since the applicants' agricultural land gets sub-merged, they may be given forest land for cultivation. He further said that to bring forest land under cultivation, they have to spend money for uprooting etc. and 50% more area may be given to them to compensate this expenditure. Hence the D.F.O. was instructed to propose 50% more area. Accordingly the D.F.O. has now recommended to grant 125 acres of forest land for release as detailed below:-

"	75	16.37
"	76	21.09

I agree with the D.F.O. and recommend release of 125 acres after disforestment.

Sir,

Reference:-Government letter No.AFD 159 FGL 63, dated 26-5-1965.

With reference to the above Government letter, I write to state that the compansation of the lands under acquisition under L.A.Act for the purpose of construction of tank at Guddadmadapur village in Hirekerur Taluka has not been paid to the land owners.Since the L.A.proceedings are at the stage of Section 5A, the question of payment of land compensation, till the declaration of Award does not arise. However it is ascertained that the posseesion of the lands under acquisition has been taken over by the Public Works Department on 7 -12-1962 through private negotiations.Hence the Public Works Department is required to pay the rental compensation to the land owners from the date of taking over possession by the Public Works Department till the date of payment of compensation under Land Acquisition Act.

2. It is also reported by the Assistant Commissioner,Haveri that there is no correspondence regarding the grant of the Forest Survey Numbers in his office. A copy of the Assistant Commissioner letter No.LAQ/KOD-7, dated 30-9-1965 is enclosed for perusal.
